Don't know which one you should choose?

Simple, just go through our brochure and decide what you do want. Then total up the hours and we are sure you'll be able to calculate which package would be the best for you.

Example:

You are starting a new company. So you'll need a website. It's a creative content company so you better use Rich Internet Application (RIA) website. You'll have to promote your company, so you'll need a brochure. And lets not forget a business card too. Most importantly, you really need a logo for brand awareness.

Now lets calculate it.

WEB DESIGN + APPLICATION
45 HOURS = 4500
(15 PAGES)

+

BROCHURE DESIGN
15 HOURS = 1500

+

BUSINESS CARD
3 HOURS = 300

+

LOGO DESIGN
8 HOURS = 800

= 7100 (71 hours)

After figuring out the total, now it's time to choose a PACKAGE PLAN, based on the hours needed to complete the job requested.

Recommended Plan = PLUS  **80 per hour over 50 hours** Total = **5680 (71 HOURS)**

Hourly Rate = **100**

Includes animation design, production, scripting and more
